

LEADING IN THE DIGITAL AGE

paulmills.com.au

The future of work has arrived, demanding a shift in leadership capability. Leading in the Digital Age requires agility, comfort in embracing complexity and ambiguity and an ability to onboard artificial intelligence as well as transition human intelligence. Being able to adapt quickly has never been more important. This 2 day workshop plus extension activity will help to stimulate transition through new thinking, practical skill development and creation of mindsets that will be sustainable in an environment of disruption.

The hallmark of Paul Mills Consulting Pty Ltd is quality leadership development leveraging the latest evidence-based research. We challenge mindsets and habits, and drive practical outcomes for participants and organisations. Leading in the Digital Age features a world-class Faculty, each of whom have strong commercial practice across the Asia Pacific Region.

WHO SHOULD ATTEND?

This program has been designed for people with experience in leading people and functions, who want the latest skills and mindsets to increase their effectiveness in the digital age.

PRICING

Program fee is \$3880.00 including gst, which includes all educational materials, digital workbook, feedback tools and materials. Participants also gain access to an exclusive portal which contains curated resources, articles and thought starters on leadership, for access after the workshop. The program will take place in a cbd location with refreshments and lunch provided. To confirm enrolment, a deposit of \$500.00 per participant is required, which is nonrefundable. Balance is due 30 days prior to the program commencement.

2020 OPEN ENROLMENT DATES

23 & 24 June 2020
29 & 30 September 2020

LEADING IN THE DIGITAL AGE - PROGRAM CONTENT:

The context for leading in the digital age – latest technologies shaping the environment

Adaptive leadership and 'Executive Practice' – delivering results without 'knowing'

Knowing self at a deep level – leading self and others through uncertainty

Activating your presence to influence others

Creating a high impact team – knowing your 'secret sauce'

Immunity to change – developing goals that stick

Preparing for your adaptive challenge

The program commences with pre-work and feedback tool completion, then proceeds to the 2-day workshop, which is followed by an action learning project (adaptive challenge) which participants explore over 8 weeks and then make a presentation to the Shark Tank.

LEADING IN THE DIGITAL AGE – FEEDBACK TOOLS:

Bespoke 180-degree assessment focused on organisational digital maturity and future of work leadership capabilities

Hogan Insight[®] - personality assessment

PROGRAM DIRECTORS – PAUL MILLS & MATT BYRNE

Paul Mills and Matt Byrne have a combined 50 years of experience in the Executive Education space, designing and facilitating programs for leaders at all levels. They are energetic facilitators and Executive Coaches, and have worked with across the private, public and for-purpose sectors to some of the region's most prestigious organisations. They are also both Adjunct Faculty Members of the AGSM at the University of NSW

EXPERT PRESENTER – PETER FISHER

Peter Fisher enjoyed an acting career that spanned 20 years in film, theatre and television, before becoming a corporate communications specialist. His work draws on fundamental methodologies of an actor's training to design innovative and highly interactive sessions with a focus on behavioural issues related to personal and leadership development.
